INSULATION: Injected polyurethane foam, density 35 g/l

LID: Same construction and insulation concept as the body. Two high quality, extra strength pullover latches that provide a perfect watertight seal

CONTAINER: Extra-strong, light and easy to handle, washable, can be air dropped into water, virtually unsinkable

COLOR: NATO green 24 or sand yellow. Custom colors are available.

CAPACITY: 5 Gallons US - 5T Model
6 Gallons US - 6T Model
(Also Available in a 3 Gallon Version)

WEIGHT: 23 lbs. - 5T
28 lbs. - 6T

EXTERNAL DIMENSIONS: 29 H x 9W x 19D inches - 5T & 6T
Interlocking Stackable Design

Light and easy to handle the new five and six gallon beverage containers have been designed to be lightweight and portable, yet rugged, in order to meet the most rigorous requirements in the most adverse conditions. Built utilizing first-class technical and practical specifications: high performance insulation, strength, lightness, carrying comfort, perfect hygiene, easy handling and maintenance. This container can be easily handled with a rotomolded handle, forming part of the lid.
